PROFILE

My career objective is to work for an encouraging and stable company where I could provide and upgrade my engineering skills. I would like to work in a versatile team with colleagues that are in the top of their field.

CAREER

Nov 2020 –

Oculus IT

Full Stack Developer

Currently working as a Full Stack Developer using technologies :

- .NET Core (C#)

- Angular

- Ionic

- Key role in building and enhancing highly available, scalable, real-time and secure fleet management system.

- Adhered to high-quality development standards while delivering solutions on time and budget.

- Lead junior developers.

- Worked on cross-platform applications (iOS, Android and Web)

2019 – 2020

Freelancing

Full Stack developer

Provided my software engineering skills on a freelancing platform.

Worked with great people on exciting projects.
